Briefing Sheet

Lead Department: City Manager  
Action Officer: Jennifer Evans, City Secretary

Resolution No. 2020-136 approving a one-time additional at risk pay pertaining to the COVID-19 public health emergency for all eligible and essential personnel.

Subject:  

Briefing: 11/23/2020  Public Hearing:  
Council Vote: 11/23/2020

Executive Summary and Background Information:

The Resolution before you, if approved, would provide a one-time payment of either $1000 or $2000 to each eligible employee as a means of additional compensation for the risks and hazards they faced in the course of their duty.

All city employees have faced additional risks, hazards and/or hardships as a result of the performance of their duty during the COVID-19 pandemic. Certain employees such as first responders and a few general service employees have faced extreme hazards and have had their duties substantially changed as a result of the pandemic and as such will receive the $2,000 benefit. All other essential employees who helped maintain city services during the pandemic will receive the $1,000 benefit. The City Manager will make the determination of which employees receive each benefit with the assistance of department directors.

The payments if approved will be included on the employees earliest regular payroll check.

The pay for employees who’s work is substantially dedicated to responding to or mitigating the COVID-19 public health emergency would be covered as a reimbursable expense using CRF funds.

Other jurisdictions have provided this type of additional compensation and we believe our situation warrants the same consideration. Most notably Bowie Count recently approved hazard pay for members of the Sherriff’s Department, and Miller County approved pay for all county employees.

City of Texarkana, Texas

Briefing Sheet

Lead Department: Planning and Community Development
Action Officer: Daphnea Ryan

Resolution No. 2020-138 supporting The Texarkanan (former Texarkana National Bank building) redevelopment project, authorizing use of additional EPA cleanup funds to any person or entity allying with Texarkana Renewal Properties, LLC for the project, and authorizing the City Manager to execute any and all loan documents or other documents necessary for the project.

Subject: Resolution No. 2020-138

Briefing: 11/23/2020
Public Hearing: 11/23/2020
Council Vote: 11/23/2020

Item Schedule
Schedule 2: Brief once - vote once (two weeks)

Updates/History of Briefing:

Previous Resolution 2020-051 approved the Phase I EPA Loan of $400,000.00 to cover the exterior asbestos abatement and begin interior abatement of the former Texarkana National Bank Building and Parking Garage, focusing first on completing abatement of the bank building. Exterior abatement was necessary during Phase I of the project to enable the borrower to apply for state and/or federal historic designation; thereby, opening more funding streams for the redevelopment of the project. Completion of environmental abatement will encompass two Phases and this second loan an amount up to $500,000 will help to cover the cost of the second Phase with the end result being the bank building abated and shovel ready for redevelopment, preserving historic elements, improved Downtown air quality and moving our EPA RLF Program in line for additional funding.

Executive Summary and Background Information:

The entire project includes restoration and redevelopment of two sites, the former Texarkana National Bank Building located at 100 W. Broad Street and the Parking Garage Property located on the SW corner of W. 3rd and Pine Street.
The former Texarkana National Bank building was originally constructed in 1914 with additions made in 1924 and 1962. The building contains 56,250 sq. ft, and at eight (8) stories, is the second tallest building downtown.
The goal is to redevelop the building with meeting space and offices on the ground level, apartments throughout the remaining floors with a restaurant included on the fifth floor.
Recent developments over the past several years included a Phase I EPA Brownfield Site Assessment completed in the Summer of 2011 and updated in December 2019, and Phase II Brownfields Environmental Site Assessment completed in April 2013, making the project eligible for EPA Revolving Loan funds.

The former parking garage property consists of a 0.32-acre parcel of land with a five-story 44,000+ sq. ft. parking garage and associated basement, office, and retail spaces. The parking garage was constructed in 1960.
City of Texarkana, Texas

The goal is to revitalize the parking garage for parking and storage, and to revitalize the retail space maintaining the retail use. The parking facility will be private parking for residents of the redeveloped Texarkanian.

Following City and EPA guidelines, Texarkana Renewal Properties, LLC let bid for the environmental abatement and received five (5) competitive bids. Texarkana Renewal Properties, LLC is still reviewing the bids and expect to award by November 6, 2020. This additional abatement funding will cover the cost to abate the bank building and may begin the parking garage as well.

In addition to this supplemental EPA RLF Loan up to $500,000 and up to $80,000 for onsite environmental monitoring, City commitments to date include a $400,000 EPA RLF Loan to begin abatement on the bank building; two façade loans totaling $100,000; two façade grants totaling $10,000. The City’s EPA Grant will also cover the cost of the city’s Qualified Environmental Professional (QEP) for environmental oversight estimated at $20,000.

Potential Options:
- Approve
- Deny

Fiscal Implications:
EPA Brownfields Cleanup Loan up to $500,000; EPA Brownfields Onsite Monitoring Funds $80,000

Staff Recommendation:
The developer is proposing a multiple phase approach for the redevelopment of this property that includes removal of the exterior façade and beginning interior environmental cleanup as phase one. The phase one work will reveal the original brick façade to qualify for historic tax credits. Phase two will include completing abatement and actual construction work for the redevelopment of the property. Due to the complexity and multiple phasing of the development and financing plan, this loan is considered high risk. However, this development is important to the City’s continued support of downtown revitalization efforts and the development is located in a federally qualified Opportunity Zone. Furthermore, the developer has a positive track record with other downtown properties. As a result, staff recommends approval with the following terms and conditions:

1. EPA Brownfields Cleanup loan(s) up to $500,000.00 for a project involving the formerly Texarkana National Bank building with a 12-year term. No interest for one year with interest only in years 2 and 3 with principle and interest due years 4-12. Interest rate will be set at the 10-year treasury rate plus 1%. EPA loans 1 & 2 total $900,000 in loan support.
2. Developer will follow all applicable City Building Codes along with all EPA Brownfield Program terms and conditions. Developer will ensure work is protective of human health & the environment including but not limited to adherence to approved EPA cleanup plans, approved EPA closure reports and Davis-Bacon requirements.
3. The lender will withhold ten percent (10%) of each payment requested as a retainage until any EPA Agency or Lender required closure reports are received and approved by the Agency.
4. As recommended by the RLF Loan Committee, Borrower will secure a $20,000 contingency fund in a checking account at Commercial National Bank to be applied to
City of Texarkana, Texas

the last abatement invoice in the event a shortfall exist or will be returned to the borrower if all cost are covered. Borrower may appeal to the RLF Loan Committee to release those funds during the project.

5. Collaterally assign rents and leases at the properties known as former Texarkana National Bank located at 100 W. Broad Street and former Parking Garage/Key Shop located at 217-223 Pine Street.

6. Execute a Personal Guarantee for the Loan and a Guarantee of Completion.

7. Developer provide additional letters of financial commitment and an updated proforma after abatement is complete and prior to redevelopment beginning.

The City of Texarkana, Texas presented one loan application for EPA Brownfields Revolving Loan Fund from Texarkana Renewal Properties, LLC. The loan is to cover the second phase of environmental cleanup of the former Capital One/Texarkana National Bank Building located at 100 W. Broad Street and the old parking garage and retail space located at 217-223 Pine Street with the initial focus on the bank building. The applicant requested $456,500 in this second loan application. The City’s Brownfields Grant covers environmental oversight and the borrower is also in discussion with the City requesting EPA Brownfields funds cover on site environmental monitoring. Daphnea Ryan, Grant Administration Manager, advised the Committee this could be accomplished by reducing his loan amount to enable the City grant funds to cover all aspects of environmental monitoring and oversight, or increasing his loan amount to offer more funding to bridge that gap. Ms. Ryan advised that more consideration and discussion with the City’s environmental consultant is needed to determine the best route to take for the Brownfields Program as well as the project. Ms. Ryan asked the Committee to consider a varying loan amount not to exceed $500,000.00 to allow both options.

Developer, Texarkana Renewal Properties, LLC, represented by David Peavy provided an overview of the planned project, answered questions, and exited the meeting. The Committee discussed the loan request, interest rate, other funding sources, applicant’s proforma, restricting timeline of developers fees, and contingency options. Committee members recognize the hazards of asbestos and lead-based paint and acknowledged the benefit to the community to ensure the completion of environmental abatement. The committee agreed for a successful redevelopment and the ability of the developer to secure additional funding, full assistance with environmental abatement is essential. The Committee also recognized the sources do not cover the uses and discussed requiring a contingency fund as part of the personal guarantee. After full discussion, Dianne Martin made a motion to approve an EPA RLF loan up to $500,000.00, with developer securing a $20,000 contingency fund in a checking account at Commercial National Bank that would go toward the last abatement invoice in the event a shortfall exist to complete the abatement and would be returned to developer if a shortfall did not occur; and require a 10% retainage in each invoice, all of which is contingent upon adherence to staff recommendations and terms outlined in Attachment I. The motion was seconded by Mike Malone and passed by unanimous vote.

Meeting adjourned at 4:21 p.m.
Texarkana Renewal Properties EPA & City RLF Application

Staff Recommendations

The developer is proposing a multiple phase approach for the redevelopment of this property that includes removal of the exterior panels, roof encapsulation, then moving to interior environmental abatement. The phase one work will reveal the original brick façade to qualify for historic tax credits. Environmental abatement will create a segue to actual construction work for the redevelopment of the property. Due to the complexity and multiple phasing of the development and financing plan, this loan is considered high risk. However, this development is important to the City’s continued support of downtown revitalization efforts and the development is located in a federally qualified Opportunity Zone. Furthermore, the developer has a positive track record with other downtown properties. As a result, staff recommends approval with the following terms and conditions:

1. EPA Brownfields Cleanup loans up to $500,000.00 for a project involving the formerly Texarkana National Bank building with a 12-year term. No interest for one year with interest only in years 2 and 3 with principle and interest due years 4-12. Interest rate will be set at the 10-year treasury rate plus 1%.
2. Developer will follow all applicable City Building Codes along with all EPA Brownfield Program terms and conditions. Developer will ensure work is protective of human health & the environment including but not limited to adherence to approved EPA cleanup plans, approved EPA closure reports and Davis-Bacon requirements.
3. The lender will withhold ten percent (10%) of each payment requested as a retainage until any EPA Agency or Lender required closure reports are received and approved by the Agency.
4. As recommended by the RLF Committee, borrower will secure a $20,000 contingency fund in a checking account at Commercial National Bank to be applied to the last abatement invoice in the event a shortfall exist or will be returned to the borrower if all cost are covered. Borrower may appeal to the RLF Loan Committee to release those funds during the project.
5. Collaterally assign rents and leases at the properties known as former Texarkana National Bank located at 100 W. Broad Street and former Parking Garage/Key Shop located at 217-223 Pine Street.
6. Execute a Personal Guarantee for the Loan.
7. Developer provide additional letters of financial commitment and an updated proforma after abatement is complete and prior to redevelopment beginning.

Eligible and Ineligible Costs and Activities

Costs incurred prior to the execution of a loan or subgrant could be eligible costs if they meet all the criteria of eligible costs listed below. These would include eligible costs incurred while conducting pre-award eligible activities necessary to satisfy VCP or RLF requirements. Such eligible costs could also be counted toward the 20% cost share required for the loan or subgrant award.

Borrowers may fund the following activities with BRLF cleanup funds:

1. Limited site characterization including confirming the effectiveness of the proposed cleanup design or the effectiveness of a cleanup once an action has been completed
2. Developing a Quality Assurance Project Plan (QAPP) as required by Part 31 and Part 30 regulations. The specific requirement for a QAPP is outlined in U.S. EPA Order 53601.1, April 1984, as amended on May 5, 2000;
3. Using a portion of a loan or subgrant to purchase environmental insurance for the site. The loan or subgrant may not be used to purchase insurance intended to provide coverage for any of the Ineligible Uses under Section C, and;
4. Conducting the voluntary remediation work identified in a Texas Commission on Environmental Quality (TCEQ)-approved Response Action Plan (RAP) or Corrective Action Plan (CAP). The RAP and/or CAP will specify all activities necessary to complete a cleanup protective of human health and the environment, together with a cost estimate for conducting the work.

Following are examples of common eligible project costs if they are part of an approved VCP agreement. Such costs include, but are not limited to:

1. Installation of fences, warning signs, or other security or site control precautions;
2. Installation of drainage controls;
3. Stabilization of berms, dikes or impoundments; or drainage or closing of lagoons;
4. Capping of contaminated soils;
5. Using chemicals and other materials to retard the spread of the release or mitigate its effects;
6. Excavation, consolidation or removal of contaminated soils;
7. Removal of drums, barrels, tanks, or other bulk containers that contain or may contain hazardous substances, pollutants or contaminants, including petroleum;
8. Removal of source materials, including free product recovery;
9. Containment, treatment or disposal of hazardous materials and petroleum contamination;
10. Site monitoring activities, including sampling and analysis, that are reasonable and necessary during the cleanup process, including determination of the effectiveness of a cleanup;
11. Limited site characterization activities that are reasonable, necessary and incidental to the cleanup process, such as sampling to confirm the effectiveness of the proposed cleanup design or the effectiveness of a cleanup once an action has been completed; and
12. Costs associated with meeting public participation, worker health and safety, and...
programmatic management requirements.

Following are examples of known ineligible project costs. Such costs include, but are not limited to:

1. Environmental assessment activities including Phase I and Phase II Environmental Site Assessments
2. Monitoring and data collection for permit compliance required under other federal and state laws, unless such a permit is required as a component of the cleanup action;
3. Construction, demolition, and development activities that are not integral to the cleanup actions (e.g., marketing of property or construction of a new non-clean up facility);
4. Job training unrelated to performing a specific cleanup at a site covered by a loan or subgrant;
5. Payment of a penalty or fine;
6. To pay a federal cost share requirement (for example, a cost-share required by another Federal grant) unless there is specific statutory authority;
7. To pay for a response cost at a brownfields site for which the recipient of the grant or loan is potentially liable under CERCLA § 107;
8. To pay a cost of compliance with any federal law, excluding the cost of compliance with laws applicable to the cleanup;
9. Unallowable costs (e.g., lobbying and fund raising) under applicable OMB Circulars; and,
10. Repairing or improving public or private drinking water supplies that have deteriorated through ordinary use.

Under CERCLA § 104(k)(4)(B), administrative costs are prohibited costs under this agreement. Prohibited administrative costs include all indirect costs under applicable OMB Circulars incurred by the CAR and subgrantees.

Prohibited administrative costs for the borrower (including those in the form of salaries, benefits, contractual costs, supplies, and data processing charges) are those incurred for loan administration and overhead costs. Direct costs for loan administration are ineligible even if the borrower is required to carry out the activity under the loan agreement. Ineligible loan administration costs include expenses for:

1. Preparation of applications for loans and loan agreements;
2. Preparing revisions and changes in the budget, work plans, and other documents required under the loan agreement;
3. Maintaining and operating financial management and personnel systems;
4. Preparing payment requests and handling payments; and
5. Audits.

Overhead costs by the borrower that do not directly clean up brownfields site contamination or comply with laws applicable to the cleanup are ineligible administrative costs. Examples of overhead costs that would be ineligible in loans include expenses for:

1. Salaries, benefits and other compensation for persons who are not directly engaged in the cleanup of the site (e.g., marketing and human resource personnel);
2. Facility costs such as depreciation, utilities, and rent on the borrower's administrative offices;
3. Supplies and equipment not used directly for cleanup at the site;
4. Costs included by the borrower for procurement are eligible only if the procurement contract is for services or products that are direct costs for performing the cleanup, for insurance costs, or for maintenance of institutional controls; and
5. Direct costs by the borrower for progress reporting to the lender are eligible programmatic costs.

Delinquency charges shall be immediately due and payable. Each delinquency charge constitutes an advance to Borrower by LENDER and shall be added to the principal amount at the time the delinquency charge is incurred. The Borrower understands that the right of LENDER to assess the delinquency charge set forth in this Section is in addition to, and not exclusive of, any right of LENDER (i) to declare this Note in default, or (ii) to enforce any other right available to LENDER at law, in equity, or by agreement.

5. **Default**
   LENDER, at its option, may declare this Note in default and declare the entire amount of unpaid principal, plus accrued interest, as immediately due and payable if (i) Borrower is in default under any term of this Note; (ii) acceleration is permitted under the terms of the Loan Agreement or any Related Document referred to above; (iii) the Borrower does not pay any payment in full by the Due Date or other charge or expense when due; (iv) the prospect of payment, performance, or realization of Collateral is significantly impaired; or (v) the Borrower transfers, sells or assigns the Collateral or this Note without the prior written consent of Lender.

Lender: City of Texarkana, Texas
Maturity date: ________________

Property (including any improvements): 100 West Broad Street, Texarkana, Bowie County, Texas and 217-219 Pine Street, Texarkana, Bowie County, Texas.

Prior Lien: None.

Other Exceptions to Conveyance and Warranty:

A. Granting Clause

For value received and to secure payment of the Obligation, Grantor conveys the
Property to Trustee in trust. Grantor warrants and agrees to defend the title to the Property, subject to the Other Exceptions to Conveyance and Warranty. On payment of the Obligation and all other amounts secured by this deed of trust, this deed of trust will have no further effect, and Lender will release it at Grantor’s expense.

B. Grantor’s Obligations

B.1. Grantor agrees to maintain all property and liability insurance coverages with respect to the Property, revenues generated by the Property, and operations on the Property that Lender reasonably requires ("Required Insurance Coverages"), issued by insurers and written on policy forms acceptable to Lender, and as to property loss, that are payable to Lender under policies containing standard mortgagee clauses, and deliver evidence of the Required Insurance Coverages in a form acceptable to Lender before execution of this deed of trust and again at least ten days before the expiration of the Required Insurance Coverages.

B.2. Grantor agrees to—

a. keep the Property in good repair and condition;

b. pay all taxes and assessments on the Property before delinquency, not authorize a taxing entity to transfer its tax lien on the Property to anyone other than Lender, and not request a deferral of the collection of taxes pursuant to section 33.06 of the Texas Tax Code;

c. defend title to the Property subject to the Other Exceptions to Conveyance and Warranty and preserve the lien’s priority as it is established in this deed of trust;

d. obey all laws, ordinances, and restrictive covenants applicable to the Property;

e. keep any buildings occupied as required by the Required Insurance Coverages;

f. if the lien of this deed of trust is not a first lien, pay or cause to be paid all prior lien notes and abide by or cause to be abided by all prior lien instruments; and

g. notify Lender of any change of address.

C. Lender’s Rights

C.1. Lender or Lender’s mortgage servicer may appoint in writing one or more substitute trustees, succeeding to all rights and responsibilities of Trustee.

C.2. If the proceeds of the Obligation are used to pay any debt secured by prior liens, Lender is subrogated to all the rights and liens of the holders of any debt so paid.
C.3. Lender may apply any proceeds received under the property insurance policies covering the Property either to reduce the Obligation or to repair or replace damaged or destroyed improvements covered by the policy. If the Property is Grantor’s primary residence and Lender reasonably determines that repairs to the improvements are economically feasible, Lender will make the property insurance proceeds available to Grantor for repairs.

C.4. Notwithstanding the terms of the Note to the contrary, and unless applicable law prohibits, all payments received by Lender from Grantor with respect to the Obligation or this deed of trust may, at Lender’s discretion, be applied first to amounts payable under this deed of trust and then to amounts due and payable to Lender with respect to the Obligation, to be applied to late charges, principal, or interest in the order Lender in its discretion determines.

C.5. If Grantor fails to perform any of Grantor’s obligations, Lender may perform those obligations and be reimbursed by Grantor on demand for any amounts so paid, including attorney’s fees, plus interest on those amounts from the dates of payment at the rate stated in the Note for matured, unpaid amounts. The amount to be reimbursed will be secured by this deed of trust.

C.6. If a default exists in payment of the Obligation or performance of Grantor’s obligations and the default continues after any required notice of the default and the time allowed to cure, Lender may—

a. declare the unpaid principal balance and earned interest on the Obligation immediately due;

b. exercise Lender’s rights with respect to rent under the Texas Property Code as then in effect;

c. direct Trustee to foreclose this lien, in which case Lender or Lender’s agent will cause notice of the foreclosure sale to be given as provided by the Texas Property Code as then in effect; and

d. purchase the Property at any foreclosure sale by offering the highest bid and then have the bid credited on the Obligation.

C.7. Lender may remedy any default without waiving it and may waive any default without waiving any prior or subsequent default.

D. Trustee’s Rights and Duties

If directed by Lender to foreclose this lien, Trustee will—

D.1. either personally or by agent give notice of the foreclosure sale as required by the Texas Property Code as then in effect;

D.2. sell and convey all or part of the Property “AS IS” to the highest bidder for cash with a general warranty binding Grantor, subject to the Prior Lien and to the Other Exceptions to
Conveyance and Warranty and without representation or warranty, express or implied, by Trustee;

D.3. from the proceeds of the sale, pay, in this order—
   a. expenses of foreclosure, including a reasonable commission to Trustee;
   b. to Lender, the full amount of principal, interest, attorney’s fees, and other charges due and unpaid;
   c. any amounts required by law to be paid before payment to Grantor; and
   d. to Grantor, any balance; and

D.4. be indemnified, held harmless, and defended by Lender against all costs, expenses, and liabilities incurred by Trustee for acting in the execution or enforcement of the trust created by this deed of trust, which includes all court and other costs, including attorney’s fees, incurred by Trustee in defense of any action or proceeding taken against Trustee in that capacity.

E. General Provisions

E.1. If any of the Property is sold under this deed of trust, Grantor must immediately surrender possession to the purchaser. If Grantor does not, Grantor will be a tenant at sufferance of the purchaser, subject to an action for forcible detainer.

E.2. Recitals in any trustee’s deed conveying the Property will be presumed to be true.

E.3. Proceeding under this deed of trust, filing suit for foreclosure, or pursuing any other remedy will not constitute an election of remedies.

E.4. This lien will remain superior to liens later created even if the time of payment of all or part of the Obligation is extended or part of the Property is released.

E.5. If any portion of the Obligation cannot be lawfully secured by this deed of trust, payments will be applied first to discharge that portion.

E.6. Grantor assigns to Lender all amounts payable to or received by Grantor from condemnation of all or part of the Property, from private sale in lieu of condemnation, and from damages caused by public works or construction on or near the Property. After deducting any expenses incurred, including attorney’s fees and court and other costs, Lender will either release any remaining amounts to Grantor or apply such amounts to reduce the Obligation. Lender will not be liable for failure to collect or to exercise diligence in collecting any such amounts. Grantor will immediately give Lender notice of any actual or threatened proceedings for condemnation of all or part of the Property.

E.7. Grantor collaterally assigns to Lender all present and future rent from the Property and its proceeds. Grantor warrants the validity and enforceability of the assignment. Grantor will
apply all rent to payment of the Obligation and performance of this deed of trust, but if the rent exceeds the amount due with respect to the Obligation and the deed of trust, Grantor may retain the excess. If a default exists in payment of the Obligation or performance of this deed of trust, Lender may exercise Lender’s rights with respect to rent under the Texas Property Code as then in effect. Lender neither has nor assumes any obligations as lessor or landlord with respect to any occupant of the Property. Lender may exercise Lender’s rights and remedies under this paragraph without taking possession of the Property. Lender will apply all rent collected under this paragraph as required by the Texas Property Code as then in effect. Lender is not required to act under this paragraph, and acting under this paragraph does not waive any of Lender’s other rights or remedies.

E.8. Interest on the debt secured by this deed of trust will not exceed the maximum amount of nonusurious interest that may be contracted for, taken, reserved, charged, or received under law. Any interest in excess of that maximum amount will be credited on the principal of the debt or, if that has been paid, refunded. On any acceleration or required or permitted prepayment, any such excess will be canceled automatically as of the acceleration or prepayment or, if already paid, credited on the principal of the debt or, if the principal of the debt has been paid, refunded. This provision overrides any conflicting provisions in this and all other instruments concerning the debt.

E.9. In no event may this deed of trust secure payment of any debt that may not lawfully be secured by a lien on real estate or create a lien otherwise prohibited by law.

E.10. Grantor may not sell, transfer, or otherwise dispose of any Property, whether voluntarily or by operation of law, without the prior written consent of Lender. If granted, consent may be conditioned upon (a) the grantee’s integrity, reputation, character, creditworthiness, and management ability being satisfactory to Lender; and (b) the grantee’s executing, before such sale, transfer, or other disposition, a written assumption agreement containing any terms Lender may require, such as a principal pay down on the Obligation, an increase in the rate of interest payable with respect to the Obligation, a transfer fee, or any other modification of the Note, this deed of trust, or any other instruments evidencing or securing the Obligation.

Grantor may not cause or permit any Property to be encumbered by any liens, security interests, or encumbrances other than the liens securing the Obligation and the liens securing ad valorem taxes not yet due and payable without the prior written consent of Lender. If granted, consent may be conditioned upon Grantor’s executing, before granting such lien, a written modification agreement containing any terms Lender may require, such as a principal pay down on the Obligation, an increase in the rate of interest payable with respect to the Obligation, an approval fee, or any other modification of the Note, this deed of trust, or any other instruments evidencing or securing the Obligation.

Grantor may not grant any lien, security interest, or other encumbrance (a “Subordinate Instrument”) covering the Property that is subordinate to the liens created by this deed of trust without the prior written consent of Lender. If granted, consent may be conditioned upon the Subordinate Instrument’s containing express covenants to the effect that—
a. the Subordinate Instrument is unconditionally subordinate to this deed of trust;

b. if any action is instituted to foreclose or otherwise enforce the Subordinate Instrument, no action may be taken that would terminate any occupancy or tenancy without the prior written consent of Lender, and that consent, if granted, may be conditioned in any manner Lender determines;

c. rents, if collected by or for the holder of the Subordinate Instrument, will be applied first to the payment of the Obligation then due and to expenses incurred in the ownership, operation, and maintenance of the Property in any order Lender may determine, before being applied to any indebtedness secured by the Subordinate Instrument;

d. written notice of default under the Subordinate Instrument and written notice of the commencement of any action to foreclose or otherwise enforce the Subordinate Instrument must be given to Lender concurrently with or immediately after the occurrence of any such default or commencement; and

e. in the event of the bankruptcy of Grantor, all amounts due on or with respect to the Obligation and this deed of trust will be payable in full before any payments on the indebtedness secured by the Subordinate Instrument.

Grantor may not cause or permit any of the following events to occur without the prior written consent of Lender: if Grantor is (a) a corporation, the termination of the corporation or the sale, pledge, encumbrance, or assignment of any shares of its stock; (b) a limited liability company, the termination of the company or the sale, pledge, encumbrance, or assignment of any of its membership interests; (c) a general partnership or joint venture, the termination of the partnership or venture or the sale, pledge, encumbrance, or assignment of any of its partnership or joint venture interests, or the withdrawal from or admission into it of any general partner or joint venturer; or (d) a limited partnership, (i) the termination of the partnership, (ii) the sale, pledge, encumbrance, or assignment of any of its general partnership interests, or the withdrawal from or admission into it of any general partner, (iii) the sale, pledge, encumbrance, or assignment of a controlling portion of its limited partnership interests, or (iv) the withdrawal from or admission into it of any controlling limited partner or partners. If granted, consent may be conditioned upon (a) the integrity, reputation, character, creditworthiness, and management ability of the person succeeding to the ownership interest in Grantor (or security interest in such ownership) being satisfactory to Lender; and (b) the execution, before such event, by the person succeeding to the interest of Grantor in the Property or ownership interest in Grantor (or security interest in such ownership) of a written modification or assumption agreement containing such terms as Lender may require, such as a principal pay down on the Obligation, an increase in the rate of interest payable with respect to the Obligation, a transfer fee, or any other modification of the Note, this deed of trust, or any other instruments evidencing or securing the Obligation.

E.11. When the context requires, singular nouns and pronouns include the plural.
E.12. The term Note includes all extensions, modifications, and renewals of the Note and all amounts secured by this deed of trust.

E.13. This deed of trust binds, benefits, and may be enforced by the successors in interest of all parties.

E.14. If Grantor and Borrower are not the same person, the term Grantor includes Borrower.

E.15. Grantor and each surety, endorser, and guarantor of the Obligation waive, to the extent permitted by law, all (a) demand for payment, (b) presentation for payment, (c) notice of intention to accelerate maturity, (d) notice of acceleration of maturity, (e) protest, and (f) notice of protest.

E.16. Grantor agrees to pay reasonable attorney’s fees, trustee’s fees, and court and other costs of enforcing Lender’s rights under this deed of trust if an attorney is retained for its enforcement.

E.17. If any provision of this deed of trust is determined to be invalid or unenforceable, the validity or enforceability of any other provision will not be affected.

E.18. The term Lender includes any mortgage servicer for Lender.

E.19. Grantor hereby grants Lender a right of first refusal with respect to Grantor’s power to authorize any third party (other than Lender pursuant to its rights as set forth in this instrument) to pay ad valorem taxes on the Property and authorize a taxing entity to transfer its tax lien on the Property to that third party. Grantor’s authorization to any third party (other than Lender) to pay the ad valorem taxes and receive transfer of a taxing entity’s lien for ad valorem taxes shall be null and void and of no force and effect unless Lender, within ten days after receiving written notice from Grantor, fails to pay the ad valorem taxes pursuant to Lender’s rights as set forth in this instrument.

GUARANTY AGREEMENT

FOR VALUE RECEIVED, and in consideration of the City of Texarkana, Texas (hereinafter called LENDER) extending credit to Texarkana Renewal Properties, LLC., hereinafter called BORROWER (whether one or more), this Guaranty is given by the undersigned, hereinafter called GUARANTOR, whether one or more.

1. Obligation. GUARANTOR unconditionally, and jointly and severally as principal, guarantees to LENDER and LENDER's successors and assigns, the prompt payment to LENDER at maturity of the following described indebtedness, with all renewals, extensions, modifications, including all obligations related to said indebtedness, described as follows, to-wit:

That certain Brownsfield Revolving Loan Fund Loan Agreement of even date herewith executed by BORROWER payable to the Order of LENDER in the original principal sum of __________________ ($____________) for property located 100 W. Broad Street and at 217-219 Pine Street, Texarkana, Texas, with interest thereon, together with all attorneys' fees, costs, and expenses of collection incurred by LENDER in connection with any matter covered by this guaranty, and all attorneys' fees, costs, and expenses incurred by LENDER in connection with the enforcement of any obligation of any GUARANTOR hereunder.

2. Term. The joint and several liability of GUARANTOR shall continue until payment is made of every obligation of BORROWER now due or hereafter to become due relative to the above described indebtedness, or any other indebtedness incurred by Borrow with Lender, and until payment is made of any loss or damage incurred by LENDER with respect to any matter covered by this guaranty.

3. Consent to LENDER's Acts. GUARANTOR jointly and severally consents, without affecting any of GUARANTOR'S liability to LENDER hereunder, that LENDER may, without notice to or consent of GUARANTOR, upon such terms as it may deem advisable: (a) extend, in whole or in part, by renewal or otherwise, the time of payment of any indebtedness owing by BORROWER to LENDER, or held by LENDER as security for any such indebtedness; (b) release, surrender, exchange, substitute, modify, impair, or extend the period of duration, or the time for performance or payment, of any collateral securing any indebtedness of BORROWER to LENDER; (c) settle or compromise any claim of LENDER against BORROWER, or against any other person, firm or corporation, whose obligation is held by LENDER as collateral security for any indebtedness of BORROWER to LENDER; and (d) release, in whole or in part, any of GUARANTOR’S or any number of GUARANTORS, or reach any settlement, accommodation, or compromise with any one or more (but less than all) of GUARANTORS. GUARANTOR jointly and severally hereby ratifies and affirms any such extension, renewal, release, surrender,
exchange, substitution, modification, impairment, settlement, accommodation, or compromise; and all such actions shall be binding upon GUARANTOR jointly and severally, and GUARANTOR hereby waives all defenses, counterclaims, or offsets which GUARANTOR jointly and severally might have by reason thereof.

4. **Waiver.** GUARANTOR jointly and severally waives: (a) notice of acceptance of this guaranty by LENDER; (b) presentment, notice of presentment, demand for payment, protest, notice of protest, notice of dishonor, notice of intent to accelerate maturity, and notice of acceleration of maturity, of any of BORROWER indebtedness, and of the obligation of any person, firm or corporation, held by LENDER as collateral security for any of BORROWER's indebtedness; (c) notice of the failure of any person, firm, or corporation to pay to LENDER any indebtedness held by LENDER as collateral security for any indebtedness of BORROWER; (d) notice of the death, or termination of the liability hereunder for future indebtedness, of any of the GUARANTORS; and (e) all defenses, offsets, and counterclaims which GUARANTOR may at any time have to any claim of LENDER against BORROWER.

5. **BORROWER Change or Enforceability.** Should the status of BORROWER change (including, without limitation, by the incorporation of an operation owned by a BORROWER, the dissolution of a corporate BORROWER, the adjudication of mental incapacity of a BORROWER and appointment of a guardian therefor, or any other alteration of status, similar or dissimilar to any such listed example), this GUARANTY shall continue and also cover the indebtedness (then existing or thereafter arising) of the successor to such BORROWER in the new status, according to the terms hereof guaranteeing the indebtedness of the BORROWER. If any or all of the indebtedness cannot, for any reason, be enforced or becomes unenforceable, in whole or in part, against BORROWER (or any one of BORROWER), such fact shall not, in any manner, affect the liability GUARANTOR hereunder, but such liability shall remain and continue as to the entire indebtedness as if it had been fully enforceable against BORROWER.

6. **Representations by GUARANTOR.** GUARANTOR represents that, at the time of the execution and delivery of this guaranty, nothing exists to impair the effectiveness of the liability of GUARANTOR to LENDER hereunder, or to stop this GUARANTY from becoming immediately effective as the sole agreement between GUARANTOR and LENDER with respect to guaranteeing BORROWER's indebtedness to LENDER.

7. **Remedies.** LENDER may at its option proceed in the first instance against GUARANTOR, or if more than one guarantor, jointly and severally, or any one or more of them, to collect any indebtedness covered by this guaranty, without first proceeding against BORROWER; or any other person, firm, or corporation, and without first resorting to any property at any time held by LENDER as collateral security.

8. **Modification.** The whole of this guaranty is herein set forth, and there is no verbal or other written agreement, and no understanding or custom affecting the terms hereof. This guaranty can be modified only by a written instrument signed by the party to be charged therewith.

9. **Benefit.** This guaranty is delivered and made in, and shall be construed pursuant to the laws of, the State of Texas, and is binding upon GUARANTOR and her legal representatives, and
shall inure to the benefit of LENDER, its successors and assigns. It is performable in Bowie County, Texas.

IN WITNESS WHEREOF, GUARANTOR has signed this GUARANTY on the ____ day of ________________, 2020.

Attachment: 2020-138 ATTH 06 Ex F - H [Revision 3] (2407 : 2020-138 RES Auth CM to enter into loan agreements for former TNB)
This Completion Guaranty ("Guaranty") is made as of this _____ day of ________________, 2019 by David Peavy ("Guarantor") in favor of Texarkana Grim Housing Partners, LP, as Lessee ("Lessee") and in favor of the City of Texarkana, Texas, the Lender under the Loan Agreement described below, ("Lender"). Terms used but not defined herein shall have the meaning defined for those terms in the Loan Agreement described below.

RECITALS

A. Pursuant to the Loan Agreement between The City of Texarkana, Texas ("Lender") and Texarkana Renewal Properties, LLC ("Borrower"), City has agreed to loan certain funds under its Brownsfield Revolving Loan fund.

B. The Loan Agreement provides, as a condition precedent to the City’s obligation to loan money to Borrower, that Guarantor shall enter into this Guaranty, and shall guaranty completion of the Texarkana National Bank Building Project, all under the terms and conditions set forth in this Guaranty.

C. The Loan Agreement contemplates that a portion of the financing for the construction of the Project will be in the form of an EPA funded loan covering the remediation and renovation of the old Texarkana National Bank Building and Parking Garage located in downtown Texarkana, Bowie County, Texas. This guaranty is for the purpose of guaranteeing completion of, at a minimum, the Texarkana National Bank Building.

D. Guarantors expect to realize direct and indirect benefits as a result of the availability of the aforementioned loan funds.

E. This Guaranty is one of the Loan Documents described in the Loan Agreement.

AGREEMENT

NOW, THEREFORE, in order to induce City to extend loan funds to Borrower under the Loan Agreement, and for other good and valuable consideration, the receipt and adequacy of which is hereby acknowledged,

Guarantor hereby agrees as follows:
1. **Completion Guaranty and Agreement.**

Guarantor hereby guarantees that:

a) Guarantor shall complete or cause to be completed, at a minimum, the construction of the Texarkana National Bank Building Project in conformity in all material respects with the Construction Plans, the Construction Budget, the Construction Timetable and the Loan Agreement, free and clear of material defects and, except for Permitted Encumbrances, Liens or claims for Liens for material supplied or labor or services performed in connection therewith.

(b) If the Construction Budget is insufficient to complete the Project in accordance with the Construction Plans for any reason, including Borrower’s bankruptcy, Guarantor shall promptly make or cause to be made cash contributions sufficient to permit such completion.

2. **Performance of Guaranty.**

In fulfilling the obligations hereunder, Guarantor hereby, irrevocably and unconditionally guarantees, promises and agrees to perform and comply (or cause Borrower to perform and comply) with all provisions and conditions of the Loan Agreement relating to

(a) the construction of the Project within the time and in the manner set forth in Construction Plans and the Construction Timetable,

(b) the payment of all costs and expenses thereof,

(c) the payment, satisfaction or discharge of all Liens (other than Permitted Encumbrances) that are or may be imposed upon or asserted against Borrower, the Project or the Project Property in connection with the construction of the Project, and

(d) the defense and indemnification of Lender against all such Liens (other than Permitted Encumbrances), whether arising from the furnishing of labor, materials, supplies or equipment, from taxes, assessments, fees or other charges, from injuries or damage to
Persons or property, or otherwise in connection with the construction of the Project. Without limiting the generality of the foregoing, Guarantor agrees

(1) to cause any and all costs of constructing and completing the Project, including, without limitation, the costs of all labor, materials, supplies and equipment related thereto, to be paid and satisfied as the same shall become due, subject to Guarantor’s right to remove any Liens arising therefrom by securing bond(s) therefor,

(2) to cause the net amount of cost overruns to be directly or indirectly funded, paid and satisfied from Guarantor’s own resources,

(3) directly or indirectly to cause the completion of the Project in a timely, good, workmanlike and lien-free manner (except for Permitted Encumbrances), in accordance in all material respects with the terms of the Construction Plans, the Construction Budget and the Construction Timetable and

(4) to cause all pre-operating and carrying costs of the Project, including, without limitation the payment of taxes, assessments, utilities, insurance and maintenance expenses, to be funded, paid and satisfied as the same shall become due throughout the term of this Guaranty.

3. Procedures for Completion.

3.1 In the event that Borrower fails to perform all of its Obligations under the Loan Agreement relating to construction of the Project, then in any such event or at any time thereafter, Lender may give written notice to Guarantor of the occurrence of such event.

3.2 Within ten (10) days after the date on which Lender gives any such notice to Guarantor, but subject to confirmation by Lender that any undisbursed Loans will be made pursuant to the Loan Agreement subject to the terms and conditions thereof, Guarantor, at his sole cost (exclusive of undisbursed Loans), shall commence to complete the construction of the Project and diligently
prosecute such construction to completion within the time and in the manner specified in the Construction Timetable, free of Liens (other than Permitted Encumbrances) and fully paid for, and shall defend, indemnify and hold Lender harmless from all losses, costs, liabilities and expenses, including attorneys' fees, incurred in connection with such completion. If at the date of such notice, there are no undisbursed Loans allocated to construction of the Project, Guarantor’s obligations under this Section shall be absolute. If on such date there are any such undisbursed Loans, the obligations of Guarantor under this Section shall be that percentage of the remaining costs to complete the Project equal to 100% minus the percentage thereof represented by the undisbursed Loans.

3.3 If Guarantor fails to commence to complete the construction of the Project or diligently to prosecute such construction to timely completion as provided above, then in addition to all other rights and remedies that may be available to the Lender under the Loan Agreement and the other Loan Documents, at law or in equity, Lender may proceed as follows:

(a) Lender may enter the Project Property to complete construction of the Project (either itself or through any agent, contractor or subcontractor of its selection), which option of Lender shall be exercisable whether or not Lender elects to proceed judicially or non-judicially to foreclose on all or any portion of the Collateral.

(b) Lender, at its option and in accordance with the Loan Agreement and the other Loan Documents, shall have the right, but shall have no obligation, to proceed judicially or non-judicially to foreclose on or any portion of the Collateral, exercisable whether or not Lender elects to undertake to complete the construction of the Project.

(c) If Lender elects to undertake to complete the construction of the Project, and whether or not Lender elects to proceed judicially or non-judicially to foreclose on all or any portion of the Collateral, Lender shall have the right to recover damages from Guarantor in an amount equal to the sum of:

(i) the costs reasonably incurred or reasonably estimated to be incurred by Lender to complete the construction of the Project minus any undisbursed Loans allocated to construction of the Project (the "Cost to Complete"), provide that with respect to damages recovered for costs estimated to be incurred by Lender, such funds shall be used for no purpose other than the construction of the Project and provided further that should the total actual costs incurred by Lender to complete the construction of
the Project be less than the Cost to Complete, the amount by which the Cost to Complete recovered by Lender exceeds such actual construction costs shall be remitted to Guarantor; plus

(ii) All unreimbursed costs and expenses, including attorneys' fees, reasonably incurred by Lender in protecting and preserving the Project and enforcing or defending the interests of Lender under this Guaranty (the "Unreimbursed Expenses").

(d) In any action or proceeding by Lender to recover damages from Guarantor, Lender may exercise any and all remedies available under applicable Law.

3.4 The remedy of specific performance, the recovery of damages and all other rights and remedies under this Guaranty, under the Loan Agreement and the other Loan Documents, at law or in equity are intended to be non-exclusive and cumulative. The parties recognize that the choice of remedies by Lender will necessarily and properly be a matter of business judgment, which the passage of time and events may or may not prove to have been the best choice to maximize recovery by Lender at the lowest cost to either the Borrower or Guarantor. Nevertheless, the choice of alternatives by Lender shall not be subject to question or challenge by Guarantor or any other Person, nor shall any such choice be asserted as a defense, set-off or basis for any claim of failure to mitigate damages in any action or proceeding arising from this Guaranty.

4. Commencement of Lawsuit by Lender; Measure of Damages.

At any time after the occurrence of an Event of Default under this Guaranty, Lender may commence a lawsuit against Guarantor to compel Guarantor to perform his obligations under this Guaranty and/or to recover damages under this Guaranty. Lender’s damages under this Guaranty shall include: (a) the costs of completing the Project and/or correcting any construction defects, minus any undisbursed Loans allocated to construction of the Project, (b) damages arising from any delay in completing the Project, including interest, taxes and insurance premiums, and (c) Lender’s attorneys' fees and costs. Lender need not perform any work on the Project before commencing such a lawsuit. GUARANTOR EXPRESSLY ACKNOWLEDGES THAT THE MEASURE OF THE LENDER’S DAMAGES FOR BREACH OF THIS GUARANTY SHALL BE BASED ON THE COSTS OF COMPLETING THE PROJECT, NOT THE EXTENT TO WHICH COMPLETING THE PROJECT WOULD INCREASE THE VALUE OF THE PROJECT PROPERTY.
5. **Rights of Lender.**

Guarantor authorizes Lender to perform any or all of the following acts at any time in its sole discretion, all without notice to Guarantor and without affecting Guarantor’s obligations under this Guaranty:

(a) Lender may alter any terms of the Loan Documents to which Guarantor is not a party, including renewing, compromising, extending or accelerating, or otherwise changing the time for payment of, or increasing or decreasing the rate of interest on, the Loans or any part of them.

(b) Lender may take and hold security for the Loans or this Guaranty, accept additional or substituted security for either, and subordinate, exchange, enforce, waive, release, compromise, and sell or otherwise dispose of any such security.

(c) Lender may direct the order and manner of any sale of all or any part of any security now or later to be held for the Loans or this Guaranty, and may also bid at any such sale.

(d) Lender may apply any payments or recoveries from Borrower, any Guarantor or any other source, and any proceeds of any security, to Borrower's obligations under the Loan Documents in such manner, order and priority as they may elect, whether or not those obligations are guaranteed by this Guaranty or secured at the time of the application.

(e) Lender may release Borrower of its liability for the Loans or any portion thereof.

(f) Lender may substitute, add or release any one or more guarantors or endorsers.

(g) In addition to the Loans, Lender may extend other credit to Borrower, and may take and hold security for the credit so extended, all without affecting Guarantor’s liability under this Guaranty.

(h) Lender may approve modifications to the Construction Contracts, Construction Budget and/or the Construction Timetable.

(i) Lender may change the terms or conditions of disbursement of the Loans.

(j) Lender may advance additional funds to Borrower for purposes related to those of the Loan Documents.
6. **Guaranty to be Absolute.**

Guarantor expressly agrees that until the Project is fully completed in all material respects in accordance with the Construction Plans, the Construction Budget and the Construction Timetable and each and every term, covenant and condition of this Guaranty is fully performed, Guarantor shall not be released by or because of:

(a) Any act or event which might otherwise discharge, reduce, limit or modify Guarantor’s obligations under this Guaranty;

(b) Any waiver, extension, modification, forbearance, delay or other act or omission of Lender, or any failure to proceed promptly or otherwise as against Borrower, any Guarantor or any security;

(c) Any action, omission or circumstance which might increase the likelihood that Guarantor may be called upon to perform under this Guaranty or which might affect the rights or remedies of Guarantor as against Borrower; or

(d) Any dealings occurring at any time between Borrower or Lender, whether relating to the Loans or otherwise.

Guarantor hereby expressly waives and surrenders any defense to his liability under this Guaranty based upon any of the foregoing acts, omissions, agreements, waivers or matters. It is the purpose and intent of this Guaranty that the obligations of Guarantor under it shall be absolute and unconditional under any and all circumstances.

7. **Guarantor’s Waivers.**

Guarantor waives:

(a) All statutes of limitations as a defense to any action or proceeding brought against Guarantor by Lender, to the fullest extent permitted by Law;

(b) Any right they may have to require Lender to proceed against Borrower, proceed against or exhaust any security held from Borrower, or pursue any other remedy in their power to pursue;

(c) Any defense based on any claim that Guarantor’s obligations exceed or are more burdensome than those of Borrower;

(d) Any defense based on:

   (i) any legal disability of Borrower,
(ii) any release, discharge, modification, impairment or limitation of the liability of Borrower under the Loan Documents from any cause, whether consented to by Lender or arising by operation of Law or from any Insolvency Proceeding,

(iii) any rejection or disaffirmance of the Loans or any security held for the Loans, in any Insolvency proceeding;

(e) Any defense based on any action taken or omitted by Lender in any Insolvency Proceeding involving Borrower, including any election to have a claim allowed as being secured, partially secured or unsecured, any extension of credit by Lender to Borrower in any Insolvency Proceeding, and the taking and holding by Lender of any security for any such extension of credit;

(f) All presentments, demands for performance, notices of nonperformance, protests, notices of protest, notices of dishonor, notices of acceptance of this Guaranty and of the existence, creation, or incurring of new or additional indebtedness, and demands and notices of every kind except for any demand or notice expressly provided for in Section 1; and

(g) Any defense based on or arising out of any defense that Borrower may have to the payment or performance of the Loans or any portion of the Loans.

8. **Waivers of Subrogation and Other Rights.**

(a) Upon the occurrence of any Event of Default, Lender in its sole discretion, without prior notice to or consent of Guarantor, may elect to:

   (i) foreclose either judicially or nonjudicially against any real or personal property security for the Loans,

   (ii) accept a transfer of any such security in lieu of foreclosure,

   (iii) compromise or adjust the Loans or any part thereof or make any other accommodation with Borrower or any other guarantor, or

   (iv) exercise any other remedy against Borrower or any security. No such action by Lender shall release or limit the liability of Guarantor, who shall remain liable under this Guaranty after the action, even if the effect of the action is to deprive Guarantor of any subrogation rights, rights of indemnity, or other rights to collect reimbursement from Borrower for any sums paid to Lender, whether contractual or arising by operation of Law or otherwise. Guarantor expressly agrees that under no circumstances shall he be deemed
to have any right, title, interest or claim in or to any real or personal property to be held by Lender or any third party after any foreclosure or transfer in lieu of foreclosure of any security for the Loans.

(b) Regardless of whether Guarantor has made any payments to Lender, Guarantor hereby waives:

(i) all rights of subrogation, all rights of indemnity, and any other rights to collect reimbursement from Borrower for any sums paid to Lender, whether contractual or arising by operation of Law (including the United States Bankruptcy Code or any successor or similar statute) or otherwise,

(ii) all rights to enforce any remedy that Lender may have against Borrower, and

(iii) all rights to participate in any security now or later to be held by Lender for the Loans. The waivers given in this subsection shall be effective until the Loans and all other Obligations have been paid and performed in full and all Commitments have been terminated.

(c) Guarantor understands and acknowledges that if Lender forecloses judicially or nonjudicially against any real property security for the Loans, that foreclosure could impair or destroy any ability that Guarantor may have to seek reimbursement, contribution or indemnification from Borrower or others based on any right Guarantor may have of subrogation, reimbursement, contribution or indemnification for any amounts paid by Guarantor under this Guaranty. Guarantor further understands and acknowledges that in the absence of this Section, such potential impairment or destruction of Guarantor’s rights, if any, may entitle Guarantor to assert a defense to this Guaranty. By executing this Guaranty, Guarantor freely, irrevocably and unconditionally:

(i) waives and relinquishes that defense and agrees that Guarantor will be fully liable under this Guaranty even though Lender may foreclose judicially or nonjudicially against any real property security for the Loans;

(ii) agrees that Guarantor will not assert that defense in any action or proceeding which Lender may commence to enforce this Guaranty; and

(iii) acknowledges and agrees that Lender is relying on this waiver in making the Loans, and that this waiver is a material part of the consideration which he is receiving for making the Loans.
9. **Revival and Reinstatement.**

If Lender is required to pay, return or restore to Borrower or any other person any amounts previously paid on the Loans because of any Insolvency Proceeding of Borrower, any stop notice or any other reason, to the extent that the source of such payment was a Cash Equity Contribution from Guarantor pursuant to this Guaranty, the obligations of Guarantor shall be reinstated and revived and the rights of Lender shall continue with regard to such amounts, all as though they had never been paid.

10. **Information Regarding Borrower and the Property.**

Before signing this Guaranty, Guarantor investigated the financial condition and business operations of Borrower, the present and former condition, uses and ownership of the Property, and such other matters as Guarantor deemed appropriate to assure himself of Borrower's ability to discharge its obligations under the Loan Documents. Guarantor assumes full responsibility for that due diligence, as well as for keeping informed of all matters which may affect Borrower's ability to pay and perform its obligations to Lender. Lender has no duty to disclose to Guarantor any information which they may have or receive about Borrower's financial condition or business operations, the condition or uses of the Property, or any other circumstances bearing on Borrower's ability to perform.

11. **Subordination.**

(a) Any rights of Guarantor, whether now existing or later arising, to receive payment on account of any indebtedness (including interest) owed to him by Borrower or any subsequent owner of the Property, or to withdraw capital invested by him in Borrower, or to receive Distributions from Borrower, shall at all times be subordinate as to lien and time of payment and in all other respects to the full and prior repayment to Lender of the Loans and the other Obligations, except to the extent that such payments or Distributions are expressly contemplated by the Loan Agreement. Guarantor shall not be entitled to enforce or receive payment of any sums hereby subordinated until the Loans and all other Obligations have been paid and performed in full and all Commitments have been terminated and any such sums received in violation of this Guaranty shall be received by Guarantor in trust for Lender.

12. **Events of Default.**

Lender may declare Guarantor to be in default under this Guaranty upon the occurrence of any of the following events ("Events of Default"):

(a) Guarantor fails to perform any of their obligations under this Guaranty; or
(b) Guarantor revokes this Guaranty or dispute the validity or coverage thereof or this Guaranty becomes ineffective for any reason; or

(c) Any representation or warranty made or given by Guarantor in any Loan Document proves to be false or misleading in any material respect; or

(d) Guarantor becomes insolvent or the subject of any case or proceeding, voluntary or involuntary, under the Bankruptcy Code, or any similar existing or future law of any jurisdiction, state or federal, relating to bankruptcy, insolvency, reorganization or relief of debtors and, in the case of an involuntary case or proceeding, the same continues undischmissed or unstayed for ninety (90) calendar days; or

(e) Guarantor dissolves or liquidates.

13. Authorization; No Violation.

Guarantor is authorized to execute, deliver and perform under this Guaranty, which is a valid and binding obligation of Guarantor enforceable against Guarantor in accordance with its terms, except as enforcement may be limited by Debtor Relief Laws, or equitable principles relating to the granting of specific performance and other equitable remedies as a matter of judicial discretion. No provision or obligation of Guarantor contained in this Guaranty violates any Requirement of Law applicable to such Guarantor. No such provision or obligation conflicts with, or constitutes a breach or default under, any agreement to which Guarantor is a party.

Guarantor’s obligations under this Guaranty are in addition to any obligations under any other existing or future guaranties given in connection with the Loan Agreement, and they shall remain in full force and effect until they are expressly modified or released in a writing signed by Lender. Guarantor’s obligations under this Guaranty are independent of those of Borrower under the other Loan Documents. Lender may bring a separate action, or commence a separate reference or arbitration proceeding against any Guarantor without first proceeding against Borrower, any other person or any security that Lender may hold, and without pursuing any other remedy. The rights under this Guaranty shall not be exhausted by any action by Lender until the Loans have been paid and performed in full.

15. No Waiver; Consents; Cumulative Remedies.

Each waiver by Lender must be in writing, and no waiver shall be construed as a continuing waiver. No waiver shall be implied from Lender's delay in exercising or
failure to exercise any right or remedy against Borrower, Guarantor or any security. Consent by Lender to any act or omission by Borrower or Guarantor shall not be construed as a consent to any other or subsequent act or omission, or as a waiver of the requirement for its consent to be obtained in any future or other instance. All remedies of Lender against Borrower and Guarantor are cumulative.

16. **Release.**

   a. This Guaranty shall automatically terminate upon satisfaction of the Obligations. Absent such termination, Guarantor shall not be released from his obligations under this Guaranty except by a writing signed by Lender.

   b. Notwithstanding the above, in the event there are no disbursements of funds to Borrower such that Borrower’s obligations under the Loans terminate, in that event, this Guaranty shall terminate and Guarantor shall have no further obligations hereunder.

17. **Successors and Assigns; Participations.**

   The terms of this Guaranty shall bind and benefit the legal representatives, successors and assigns of Lender and Guarantor; provided, however, that Guarantor may not assign this Guaranty, or assign or delegate any of its rights or obligations under this Guaranty, without the prior written consent of Lender in each instance.

18. **Governing Law.**

   This Guaranty shall be governed by, and construed in accordance with, the laws of the State of Texas and venue shall be in Bowie County, Texas.

19. **Costs and Expenses.**

   If any lawsuit, reference or arbitration is commenced which arises out of, or which relates to this Guaranty, the prevailing party shall be entitled to recover from each other party such sums as the court or arbitrator may adjudge to be reasonable attorneys' fees in the action or proceeding, in addition to costs and expenses otherwise allowed by Law. In all other situations, including any Insolvency Proceeding, Guarantor agrees to pay all of Lender’s reasonable costs and expenses, including attorneys' fees which may be incurred in any effort to collect or enforce this Guaranty. From the time(s) incurred until paid in full, all sums shall bear interest at the Default Rate.

20. **Integration; Modifications.**

   This Guaranty
(a) integrates all the terms and conditions mentioned in or incidental to this Guaranty,

(b) supersedes all oral negotiations and prior writings with respect to its subject matter, and

(c) is intended by Guarantor and Lender as the final expression of the agreement with respect to the terms and conditions set forth in this Guaranty and as the complete and exclusive statement of the terms agreed to by Guarantor and Lender. No representation, understanding, promise or condition shall be enforceable against any party unless it is contained in this Guaranty.

Any notice, request, demand, consent, confirmation or other communication hereunder shall be in writing and delivered

(a) in person, by messenger or overnight courier;

(b) by registered or certified mail, return receipt requested and postage prepaid; or

(b) by facsimile, to the applicable party at its address or facsimile number set forth below, or at such other address or facsimile number as such party hereafter may designate as its address for communications hereunder by notice so given.

Such notices and communications shall be deemed delivered upon receipt (or refusal to accept delivery); provided that all notices and communications sent by facsimile shall also be evidenced by the facsimile machine’s confirmation identifying the recipient’s facsimile number and transmission; and provided further that all notices or other communications sent by facsimile shall also be delivered by another means permitted under this Article.

Executive Summary and Background Information:

This is a request by Craig Kaufman, representing Greenfield Environmental Multistate Trust, LLC, owners, to rezone an approximate 127.238 acre-tract of land (Tracts 2B, 2B1, 2C, 2F, 2G) in the J. E. Janes HRS, A-307, located in the 2500 block of Buchanan Road from Single Family-2 to Industrial-2. This property is currently vacant land and is known as the Kerr-McGee site.

The adjacent zoning is Industrial-1 and Industrial-2 to the north, Single Family-2, Single Family-3, and Agriculture, to the west, and outside the city limits to the east and south. The adjacent land use to the east is vacant land. The adjacent land use to the west and north is primarily residential. The adjacent land use mostly vacant and outside the city limits.

The Future Land use map designated this property as “Industrial”.

This property was annexed into the city limits several years ago and given the Single Family-2 zoning classification at the time of annexation. The property directly to the north which is also a part of the Kerr-McGee site is currently zoned Industrial-2. There are no immediate plans for this site, however, it has development potential in the future once the site is cleaned up environmentally.

This is a request by Medwell Properties LLC, owner, and Amanda Ross, agent, for a Specific Use Permit, SUP, to allow the location of a permanent cosmetics/microblading business in a tenant space at 5510 Summerhill Road.

The adjacent zoning is Neighborhood Service and Commercial to the north and Commercial to the east and General Retail to the west and south. The adjacent land usage is vacant land to the north and west and tenants spaces in a strip center to the south and east.

The Comprehensive Plan has designated this as a Mixed-Use Development.

This property is zoned General Retail. A Specific Use Permit is required to allow the one additional use of a permanent cosmetics/microblading business which is also considered a “tattoo” per the City’s Zoning Ordinance. The State of Texas will regulate this business as to licensing and other health related issues. Several medical facilities and hair salons are now offering this type service for clients.

If this request is approved, staff would suggest the following stipulations be placed in the Ordinance:

1. That the owner/or any employee performing the application of permanent cosmetics/microblading (tattooing) procedures be currently licensed by the State and meet all Federal, State and City licensing laws and health regulations. (A copy of the current license must be provided to the City prior to the opening of the business).
2. That the Specific Use Permit be intended for the application of permanent cosmetics/microblading only.
3. That if this use ever ceases to exist at this location, the City may automatically revoke the Specific Use Permit.
City of Texarkana, Texas

This request meets all city requirements to allow this one additional use on this property. There should be adequate parking for this business.

All notifications and application requirements have been met to consider this request.

**Potential Options:**
Approve or Deny.

**Fiscal Implications:**
Not applicable.

**Staff Recommendation:**
Staff recommends approval of this request with stipulations.

Update Date: 11/18/2020 9:05 AM

Briefing: 11/23/2020
Public Hearing: 12/14/2020
Council Vote: 12/14/2020

Item Schedule
Schedule 1: Brief twice - vote once (six weeks)

Updates/History of Briefing:

A ¾ vote will be required due to Planning and Zoning Commission denial.

Executive Summary and Background Information:

This is a request by Jeffrey and Peggy Robey, owners, to rezone an approximate 1.228-acres being Tracts 62B, 62C, 62D, Flower Acres Addition, located at 3311 Kidd Lane from Single Family-2 to Single Family-3. This property is currently vacant land. The proposed use is the location of a 2007 double wide HUD code manufactured home.

The adjacent zoning is Single Family-2 to the north, south, east, and west. The adjacent land use are residences to the north, south, east, and west.

The Future Land use map designated this property as “Suburban Residential”.

The City’s Zoning Ordinance was amended to comply with the state law in 2002, requiring that all manufactured housing be HUD code building standard. This amendment also stipulated that all HUD code manufactured homes inside the city limits be placed in the Single Family-3 zoning district along with the approval of a Specific Use Permit.

There are tracts of land located in the area that are currently zoned Single Family-3 although no manufactured homes are currently located on Kidd Lane. HUD code double wide manufactured housing looks like some of the existing frame pier and beam houses in the area. This type housing could also be a revitalization housing alternative to traditional site-built homes. Therefore, staff recommends for approval of this request.

The applicant should also be aware that if this zoning change is approved, all other applicable city code/ordinance requirements must be met including but not limited to building codes, setbacks, subdivision, fire, parking, drainage, water and sewer prior to the issuance of building permits.

All notification and application requirements have been met to consider this request.

Re: Rezoning 3311 Kidd Lane to SF-3

Esteemed Members of the Commission,

As recent owners of the land two doors down from the subject property it is disconcerting to think manufactured homes will be allowed in this neighborhood. One of the reasons we chose this location was the fact that it did not allow mobile homes.

In a study of housing values in three North Carolina counties, Wubneh and Shen (2004) found that single-family houses located near manufactured housing communities had lower property values than those located farther from these communities. Other researchers have found similar patterns (Munneke and Slawson 1999).

While current manufactured homes may be as or more aesthetically pleasing that conventional stick-built homes this usually occurs at the higher price point. Without any form of neighborhood control, there’s no way to ensure the quality or standard of the home the Robey’s will place on the property. The SF-3 classification is too broad for this situation.

While I appreciate the Robey’s desire to be in this area, I would ask they comply with the existing SF-2 classification and that the commission to deny the request to rezone the subject property.

Sincerely,

Executive Summary and Background Information:

This is a request by Jeffrey and Peggy Robey, owners, for a Specific Use Permit to allow the location of a double wide HUD code manufactured home on an approximate 1.228-acres being Tracts 62B, 62C, 62D, Flower Acres Addition, located at 3311 Kidd Lane. This property is currently vacant land. The proposed use is a 2007 double wide HUD code manufactured home.

The adjacent zoning is Single Family-2 to the north, south, east, and west. The adjacent land use are residences to the north, south, east, and west.

The City’s Zoning Ordinance was amended to comply with the state law in 2002, requiring that all manufactured housing be HUD code building standard. This amendment also stipulated that all HUD code manufactured homes inside the city limits be placed in the Single Family-3 zoning district along with the approval of a Specific Use Permit.

There are other tracts of land located in the area that are zoned Single Family-3. HUD code double wide manufactured housing looks like some of the existing frame pier and beam houses in the area. This type housing could also be a revitalization housing alternative to traditional site-built homes.

Staff recommends for approval of the Specific Use Permit with the following stipulations:

1. That a 2007 or newer 4-bedroom, 2 bath double wide HUD code manufactured home be allowed on this property. See attached photos.
2. That the double wide HUD code manufactured home be tied down/skirted/underpinned.
3. That the double wide HUD code manufactured home be used for dwelling purposes only, human occupancy only.
City of Texarkana, Texas

4. That the Specific Use Permit be in effect for a period of three (3) years, beginning at the date of this Ordinance. It is the owner’s responsibility to renew this permit.

5. That if the HUD code manufactured home is not placed on the property within the three (3) year period, the Specific Use Permit will automatically be revoked.

6. That all driveways, parking, building codes/setbacks, engineered foundation, platting and flood plain requirements must be in accordance with the City of Texarkana, Texas codes.

The applicant should also be aware that if this request is approved, all other applicable city code/ordinance requirements must be met including but not limited to building codes, setbacks, subdivision, fire, parking, drainage, water and sewer prior to the issuance of building permits.

All notification and application requirements have been met to consider this request.

Narrative

Beverly Boundaries are New Boston Rd (Hwy 82), Robinson Rd, College Dr & Richmond Rd to Summerhill Rd- qual census tract 106. It is bordered by commercially zoned streets with interior comprised of older housing stock & many boarded buildings & has minority, elderly, & poverty concentrations. Staff worked closely with community leaders & it became clear that residents needed neighborhood cleanups. The city committed staff time to help while the Neighborhood Assoc has taken on the responsibility of the actual cleanups. The Downtown Area (Tract 105) is bound by the Kansas City Southern Railroad (Front St) & 7th St (MLK Blvd.), Stateline Ave, & Lake Dr. Citizens asked staff to focus on downtown revitalization for the past ten years. Consultation with numerous agencies, public meetings/hearings, citizen surveys, & votes of elected City Council Members establish a strong consensus for moving forward to arrest the decline of this historic center of the town & revitalize the
area's potential for economic growth & provide affordable housing close to area services. These regions were chosen because they have great potential & need. They are bordered by major transportation routes, prime real estate for commercial development. New multifamily & new single family housing will provide safe, secure, quality, affordable, housing for families. The economic development potential can bring jobs to sustain these LMI areas.

In PY2019, expenditures included:

Downtown area: tracking devices were purchased for bikes being used for homeless individuals who are searching for jobs or have obtained jobs but are in need of transportation. Grim Lofts to create low/mod housing in Downtown began & will be ongoing through the next years & will include Section 108 Loan Funds. Section 108 Loan funds were drawn from HUD – HQ in PY2019 after closing with developer. EN funds were also drawn to repay a portion of the HUD – HQ loan plus interest and financing fees. All Section 108 Loan funds have been drawn and will be repaid using CDBG EN funds throughout the next 3 years.

Other LMI Areas:

Sidewalk crosswalk for ADA improvements installed in Liberty-Eylau area at the elementary school. Housing Rehabilitation Program was continued in PY2019 with construction being completed on 4 LMI households that were started in PY2018. Housing rehab locations were in Rosehill, Beverly and Highland Park which are all LMI neighborhoods. Community Gardens were installed/improved in Rosehill and Beverly neighborhoods.

Public services implemented with Texarkana Homeless Coalition – Vista Program designed to provide a one-stop shop for homeless persons to receive needed services. Due to Covid-19 complications the PS program created at RSOS to provide life skills classes for homeless women & children (living at the shelter) as well as job training classes for all residents of RSOS was cancelled for PY2019 with hopes to resume in PY2020.

Leveraging

Explain how federal funds leveraged additional resources (private, state & local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan. The City recognizes the importance of leveraging resources. It is estimated that these community development projects will bring $1.75 in private resources spent in the local economy for each grant dollar invested. Moreover, most projects require substantial private investments at a 9 to 1 ratio, especially the Revolving Loan Fund program for Downtown Business economic development. Matching requirements for other grant programs are met by in-kind donations of labor and/or materials rather than by the use of CDBG funds. Publicly owned land or property located within the jurisdiction includes housing lots owned by the city, city parks, and scattered properties located in downtown. This property may be used to promote economic development, provide support for homeless programs, and/or affordable housing in Texarkana, Texas. Publicly owned land may also be used to support public health activities, infrastructure, and public services, promoting livability and sustainability within the jurisdiction. The City expects to use CDBG funding as a leveraging tool to support community and economic development within the jurisdiction.
Other grant programs that magnify the impact the City’s commitment of CDBG resources and provide significant leverage to CDBG investments in the Downtown and Beverly Target Areas include the:

- $440,000 EPA Brownfields Multi-Purpose Grant
- $900,000 EPA Brownfields Revolving Loan Fund
- $200,000 EPA Brownfields Petroleum Assessment Grant
- $200,000 EPA Brownfields Hazardous Materials Assessment Grant
- $94,000 USDA Farmers’ Market Promotions Program
- $100,000 NEA Grant for Downtown redevelopment

Note: Texarkana, Texas is not a HOME entitlement community.

Table 6 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The City's 5 Year Consolidated Plan for meeting Housing goals primarily consisted of projects and activities relying on Non-CDBG funding. Significant changes in funding streams the City relied upon for meeting these goals, including both CDBG and Non-CDBG funding, necessitated changes in plans for the 2019 Action Plan and will impact future Action Plans.

In the past, the City has included outcomes associated with projects funded with Non-CDBG funding sources like TDHCA in the 5 Year Plan & 1 Year Action Plans. For example, the City included four Housing
Rehabilitation projects in the Con Plan funded through TDHCA. Those funds are now not available. Without a replacement funding source, those programs have been removed from the City’s expected outcomes. However, even though these no longer exist as projects in HUD’s (Housing and Urban Development) database system due to the way IDIS archives projects associated with these plans, the expected outcomes still appear in this report. The more significant issue is the decrease in funding in CDBG and Non-CDBG funding programs. This directly impacts real outcomes in Texarkana communities. The City does provide capacity building support for Homeless Coalition members, including Randy Sams Homeless Shelter, ArkTex Council of Governments and Mission Texarkana. The outcomes for these activities are reported as organizations assisted.

**Discuss how these outcomes will impact future annual action plans.**

Future action plans will incorporate more activities funded by the CDBG program leading to improvements in meeting the goals & outcomes specified in the 5 Year Consolidated Plan. The City has submitted a new Consolidated Plan to allow for future annual action plans to specify the use of CDBG funds to address priority needs areas, especially those relating to housing, homelessness, & homelessness prevention activities.

**Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.**

**Narrative Information**

The city operates a Homebuyers Assistance & Home Rehabilitation Programs to increase affordable housing in LMI neighborhoods. In PY2019, 4 homes were completed with CDBG housing rehab assistance. Additionally, the city is actively involved with mortgage lenders as a part of the Community Advisory Committee to increase access to affordable housing products & loan services in Texarkana. The city made available a First Time Home Buyer Assistance Grants Program in Program Year 2019 (October 1, 2019 – September 30, 2020) that require eligibility determination, however, no funds were expended during the year due to no applicants completing home purchase.

The city is a grantee for ESG & CoC funds to assist extremely low-income individuals & families. Homeless PIT numbers have decreased 17% or to 120 individuals during the last homeless count period. The city has several infrastructure projects including over 15,994 LF of new sidewalks & ramps to
increase access/safety/mobility for persons with disabilities.

The city is an active partner & providing a 2.3-million-dollar loan package for the Hotel Grim Lofts that will provide 93 additional housing units with 20 affordable units for low to moderate income individuals & families.
CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction’s progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs.

The priorities for Texarkana in addressing the needs of these population groups include:

- To assist public and nonprofit agencies in providing housing & supportive services to the elderly & frail elderly;
- To assist public & nonprofit agencies in providing housing & supportive services to homeless persons & those “at-risk” of homelessness.
- To assist the Texarkana Homeless Coalition & those agencies that are part of the coalition, serving special needs populations.

The city of Texarkana is a long-time advocate for ending homelessness. As such, the city is an active participant in the Texarkana Homeless Coalition. Staff lends their expertise & the city contributes countless hours to assisting the Coalition in its endeavors to reduce duplication of services, benefit from efficient models of service delivery, & create economies of scale. Additionally, the city has partnered with homeless services providers to apply for Continuum of Care & Emergency Solutions Grant funds & works closely with the Texas Homeless Network to ensure Texarkana will one day end homelessness. CDBG funding was used to meet outcomes associated with the Program Year 2018 Action Plan. Specifically, the city focused on building capacity in non-profits associated with the Homeless Coalition, its partnership with the Texas Homeless Network & Texas Balance of State Continuum of Care. Future Action Plans will also incorporate the use of CDBG funding to meet goals & objectives related to ending homelessness.

Addressing the emergency shelter and transitional housing needs of homeless persons

Emergency Housing, Transitional Housing & Rapid Re-Housing:
RSOS for the Homeless (emergency shelter for 86 unaccompanied adults) provides services under ESG & CoC grants. The Salvation Army, Texarkana, Arkansas (9 family rooms for up to 36 people & 25 beds for individual men). ArkTex Council of Governments (ATCOG) provides services under the ESG grant. Mission Texarkana provides services under CoC grant.

RSOS provides the only available beds for people who are chronically homeless in Texarkana, Texas. The Salvation Army Homeless Shelters for Families, & Unaccompanied Men are located in Texarkana, Arkansas. Their facility is listed here because they are the only local provider of shelter for homeless families in the region. Crossing state lines for shelter is problematic for many homeless persons because assistance is usually tied to state of residence. Mission Texarkana (formerly Texarkana Friendship Center) provides services to the needy & homeless in downtown Texarkana. They are a non-profit care
provider rendering life sustaining assistance to the indigent & job training/placement for able bodied clients without regard to religious preference, political affiliation, sex, race, handicap, or other classification. They feed an average of 300 people a day as well & provide groceries for over 20 families daily. Additionally, MT provides Rapid Rehousing to more than forty formerly homeless families through Continuum of Care grant as a partner to the City. Special Health Services of Texas provides some support for HIV/AIDS patients in the region. Community Health Core plans to provide supportive housing & permanent supportive housing to homeless veterans & their families as well as supportive housing for MHMR clientele. Additionally, the city has partnered with homeless services providers for Emergency Solutions Grant funds & works closely with the THN to ensure Texarkana will one day end homelessness.

CDBG funding was used to meet outcomes associated with the Program Year 2019 Action Plan. Specifically, the City focused on providing support through Public Services to non-profits associated with the Homeless Coalition, its partnership with the Texas Homeless Network and Texas Balance of State Continuum of Care. The City worked closely with Randy Sams Outreach Shelter and Mission Texarkana by administering the Continuum of Care Grant. The City made payments directly to the non-profit providers of Rapid Rehousing and Case Management services.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The elderly, frail elderly, persons with disabilities, persons with alcohol or other drug addictions, persons with HIV/AIDS & their families, public housing residents, & victims of domestic violence present a range of complex problems that put them at greater risk of severe income limitations & homelessness. These populations have a much more difficult time finding, securing, & maintaining adequate housing & necessary social services. The city serves as the fiscal agent for a CoC - Rapid Re-Housing grant administered through RSOS & MT. These agencies provided rapid housing &/or case management to approximately 148 individuals, including 29 children under the CoC grant. Of these participants, one head-of-household is a veteran & ten have physical or developmental disabilities. The program moved from a Transitional Housing model to a Rapid Rehousing model as of March 1, 2015. In both cases, the program meets the needs of these residents by providing case management, counseling, life skills training, & assistance for job seekers. The program assists these persons & families learn self-sufficiency. These formerly homeless persons transition gradually to paying their own rents. They are considered permanently housed at the point that they are paying their own way. CDBG funding was used to meet outcomes associated with the Program Year 2019 Action Plan. Specifically, the City focused on assisting three (3) non-profits under Public Services. The City worked closely with RSOS, Texarkana Homeless Coalition Vista program and Amachi Vision Corps to provide services such as life skills, job training and youth programs that are designed to improve the lives of homeless persons & provide help in gaining
self sufficiency.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again.

The primary goal for serving special needs populations is to assist public & nonprofit agencies in expanding & enhancing their provision of housing & services to the elderly, disabled & dually/multiply diagnosed, persons with HIV/AIDS, victims of domestic violence, & persons with addictions. The city recognizes services required by special-needs populations often overlap the housing needs & supportive services for the homeless as identified & addressed throughout the Consolidated Plan. CDBG funding was used to meet outcomes associated with the Program Year 2019 Action Plan. Specifically, the city focused on assisting three (3) non-profits under Public Services: RSOS, THC Vista program & Amachi Vision Corps to provide services such as life skills, job training & youth programs that are designed to improve the lives of homeless persons & provide help in gaining self sufficiency. The City made payments directly to the non-profit providers of Public Services. Due to Covid-19 some of these activities were put on hold for PY2019 with hopes of continuing them in PY2020. Future Action Plans will also incorporate the use of CDBG funding to meet goals & objectives related to ending homelessness.
CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

Texarkana & the Housing Authority of Texarkana (HATT) have made significant, meaningful strides toward ensuring that extremely low, low-, and moderate-income citizens have access to safe, affordable housing. While these gains are meaningful, the city's goals have not been fully realized.

Public Housing currently has less than a 2% vacancy rate & maintains a Section 8 waiting list in excess of 800 families at any given time. Clearly, there is more work to be done to provide affordable housing in Texarkana. The city continues to assist the PHA in the acquisition of lots, demolition & clearance. Subsidized housing on the existing PHA site & the surrounding community is a part of the replacement housing. The Rosehill area continues to be a priority for the City, though the emphasis has shifted to the Beverly Area where the homes are primarily owner occupied or rentals & not public housing units.

Program Administration funds include time spent working with HATT to ensure quality public housing exists in Texarkana.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

HATT’s community centers, an active communications program, & frequent, positive resident engagement encourages residents to seek out & use services offered & participate in the management of public housing in Texarkana. HATT transitioned to a referral-based system ensuring that public housing residents have access to services provided by federal, state, local, &/or non-profit agencies, including educational resources like GED preparation & computer skills training through the Literacy Council, vocational & job training programs offered through Workforce Solutions, Texarkana Community College, & Texas A&M Texarkana, financial management skills training, child care, & other relevant support services. These programs help to connect residents to information that can help them to obtain better paying jobs & greater financial literacy. By buying down some of the mortgages of homes built with Hope VI funds, & providing information on home purchasing options to residents, HATT can improve home ownership rates in some of the poorest neighborhoods of the city. Staff continues to work closely with HATT to improve resident engagement & homeownership. Additionally, the city continues to educate lenders & HATT personnel on the availability of First Time Home Buyer Down Payment Assistance through the CDBG program. CDBG funding was used to meet outcomes associated with the Program Year 2019 Action Plan in Public Housing as Administrative planning funds. Future Action Plans may incorporate the use of CDBG funding to meet goals and objectives related support of Public Housing.

Actions taken to provide assistance to troubled PHAs

HATT is an exemplary public housing authority & is not designated as troubled.
CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

An analysis of factors that affect the cost, production, or maintenance of housing affordable to extremely low-, & LMI families has aided the city in developing programs that reduce the adverse effects of these constraints. Policies concerning the public welfare, building codes & subdivision standards are required by law for the protection & general welfare of the community & are routinely reviewed. Development impact fees are recovered from the developer to assure that the public costs of new developments are paid by that development. While recognizing the needs to adjust public policies to adapt to changing conditions, the city will continue to review policies periodically to determine whether they have become excessive or represent an unnecessary constraint on the development or maintenance of affordable housing. Race & poverty concentrations can be barriers to affordable housing, so city will continue to develop new strategies to ameliorate these types of barriers. The city is implementing the following strategies to address them:

• Substantial down payments required to purchase new/existing homes—First time home buyer assistance program, lender education, work with Coalition partners on financial education classes; provide educational materials at community events
• Availability of credit to LMI persons w/credit problems—lender education, work with Coalition partners on financial education classes, provide educational materials at community events
• Availability of decent affordable single-family units/affordable rental properties—work with developers to redevelop troubled neighborhoods, actively marketing properties that would expand the stock of affordable single-family homes & rental properties

CDBG funds have been administered by the Planning & Community Development Department (PCD). In order to administer this program more effectively, several departments whose jurisdictions & expertise lend themselves to a more robust program were reorganized/combined. The PCD now incorporates planning, zoning, economic development, grants management & community development.

Consideration of affordable housing barriers such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees & charges, growth limitations, & policies affecting affordable housing is integral to the city’s efforts to improve the livability of the city. The city considers the impacts of any changes of the above when projects are brought to the City Council for consideration. Each issue is evaluated by professional staff, applicable commissions, & no less than two briefings on every item occur before the Council votes on any issue. The city developed a new Ten-Year Comprehensive Plan that will guide the city’s policies, taxes, fees, & codes for the next ten years. Any plan passed by the Council will address barriers to affordable housing. As part of that effort, the city will conduct a new Analysis of Impediments to Fair Housing.
Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The most significant actions Texarkana has taken to address obstacles to meeting underserved needs has been to reach out & engage residents, renters, & owners of businesses in Texarkana, especially those in the Downtown, Rosehill and Beverly Target areas & continue working closely with the Homeless Coalition.

Having a significant staff presence in troubled communities, working side-by-side to improve the livability of neighborhoods, residents, business owners & social service agency personnel continues to provide City staff with the background understanding of unfiltered real needs and desires of community members.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

The city emphasizes lead-based paint (LBP) counseling & awareness in all of its programs. The city informs interested persons of home buyers assistance & housing rehabilitation of lead paint hazards as well as identifying & abating lead-based paint hazards during the housing rehabilitation process. When lead-based paint is identified, the appropriate lead hazard control methods are incorporated into the rehabilitation project. The city has integrated lead hazard education, evaluation, & reduction activities into its existing housing programs. The City also maintains a continued focus on the hazards of lead-based paint & the need for lead-based paint testing of potential rehabilitation projects. City has continued to work with public service agencies caring for or providing services to children to reduce lead-based hazards in the community. Based on 2010 information from the Tx DSHS, 25 out of 1,123 Texarkana children under the age of 6 years tested for elevated blood lead levels were found to have elevated levels at 10mcg/dl or greater.

The following strategies related to the City’s CDBG program are ongoing:

- Provide public information & education regarding lead-based paint via city’s website, publications & presentations
- Integration of lead hazard evaluation & reduction activities into any activities that would disturb the ground in potentially lead contaminated areas
- Provide training & certification opportunities for staff to manage lead-based paint impacted projects
- Collaboration with EPA Brownfields Region 6 Office to maintain current information for all staff involved in CDBG &/or housing projects
Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

Texarkana has taken direct action to help reduce poverty in the city. Key actions include:

- Identification of 2 Target Area in Qualified Census Tracts – Downtown & Beverly
- Emphasis on economic development in downtown & Beverly.
- Economic development services are now under PCD, ensuring seamless efforts between redevelopment, community development, & economic development
- Networking: HATT, Workforce Development, local banks & the Homeless Coalition to identify local service providers that offer education, job training services, material services, child care services, transportation & other services, the absence of which could prevent poverty level families from securing & keeping steady employment
- Collaboration: members of the THC, MT, local banks, ATCOG & RSOS - resulted in a robust program addressing root causes of poverty. These classes include domestic relationships, self-esteem, parenting, education classes (ESL & GED classes), & job search classes & support, including job referral service, a computer lab, resume service, & job interview preparation

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The city coordinates & administers CDBG programs, projects & activities including housing, homelessness prevention, & non-housing community development through its PCD department. PCD manages an average of 3 million dollars per year in federal state & local funds. The City has reorganized this department to incorporate the city’s economic development, planning, zoning, & sustainability functions. In order to manage more effectively these functions & strengthen institutional structure, the city hired a new departmental director, new city planner & planner II, brought zoning into the department & instituted new grants management procedures for grants tracking & reporting. Current staff continue to obtain training through HUD’s CPD office & new staff will also receive training.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

The PCD department acts as a liaison with other city departments, community groups, public institutions, non-profit organizations & private industry to share information, identify resources & opportunities & coordinate activities to the greatest extent possible. Staff is represented in the local CoC actively participates on the Homeless Coalition & provides capacity building to at least two agencies on the Coalition.
Identify actions taken to overcome the effects of any impediments identified in the jurisdiction’s analysis of impediments to fair housing choice. 91.520(a)

The City identified the following strategies to overcome any obstacles impediments to affordable housing & is implementing subsequent strategies to address possible barriers:

- Substantial down payments required to purchase new/ existing homes—First time home buyer assistance program, lender education, work with Coalition partners on financial education classes; provide educational materials at community events;
- Availability of credit to LMI persons with credit problems—lender education, work with Coalition partners on financial education classes, provide educational materials at community events;
- Availability of decent affordable single-family units & affordable rental properties—work with developers to redevelop troubled neighborhoods, actively marketing properties that would expand the stock of decent affordable single-family homes & rental properties.

Funds are administered by the PCD department which incorporates planning, zoning, economic development, grants management & community development. The city developed a new Ten-Year Comprehensive Plan this year that will guide the City’s policies, taxes, fees, & codes for the next ten years. Any plan passed by the City Council will address barriers to affordable housing. The city conducted a new Analysis of Impediments to Fair Housing during the creation of the 2018-2022 Consolidated Plan. The City will continue to:

- Maintain flexibility in zoning & building requirements when appropriate to allow for infill housing development & to provide technical assistance to developers of affordable housing;
- Display posters in city office buildings & provide information on website;
- Monitor city-sponsored projects for equal access & compliance of the Fair Housing Act & Building Department officials monitor code compliance to Fair Housing standards;
- Hold periodic Public Hearings providing information & requesting public comment on fair housing or related issues;
- Provide homebuyer & homeowner education, including fair housing information;
- Conduct outreach efforts to for-profit & non-profit builders & developers through funding & technical assistance to increase the supply of decent, affordable housing within low to moderate income neighborhoods;
- Meet with local lenders & home builders to encourage the use of non-traditional client loan-qualifying & loan products to better serve the needs of homebuyer households with challenges that preclude conventional qualification;
- Conduct public outreach regarding availability of housing & housing assistance including translation of housing application materials into Spanish, & maintains bi-lingual staff in order to assist applicants and clients who are not English-proficient;
- Support local Continuum of Care efforts for homeless populations; Work with local agencies that provide financial case management & credit counseling;
- Research the possibility of adopting a Fair Housing ordinance to ensure that fair housing options are available to its citizens.
CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

Texarkana continuously monitors programs & activities to ensure compliance with City/State/Federal regulations & policies. Monitoring focuses on the following areas:

Financial: PCD & Finance staff work closely to ensure that funds drawn down are used for authorized activities on approved projects. Activities agreements, expense documentation, & approvals must be in-place for funds to be expended. The City ensures a system of checks & balances & that staff requesting payments of funds are not authorized to approve them. The City is also subject to an annual single audit, conducted by an independent accounting firm.

Environmental: All projects & individual activities are subject to a review of environmental impacts prior to funding approval. Remediation of impacts is implemented where required & projects unable to meet environmental requirements are abandoned or alternative locations or solutions are sought.

Programmatic: Results &/or impacts are expected of all projects. Staff is charged with monitoring progress toward program goals on a regular basis. Accomplishments & outcome data is entered into IDIS by staff. Ability to reimburse funds is tied directly to reporting of accomplishments.

Sub-Recipient Monitoring: The City currently has no sub-recipients for the CDBG program.

Labor Standards: The City of Texarkana monitors labor standards for all CDBG funded projects. Labor requirements are included in all bid documents & discussed again during the required pre-construction conference. Contractor payments are not processed until all required forms are submitted & verified to be accurate and correct.

Minority Business Outreach: Purchasing standards are closely monitored to maximize the number of minority & women owned businesses utilized. The City uses the State of Texas Purchasing System when local minority & women owned businesses are not available.
Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The City gave notice that the Draft of the PY2019 Caper would be available for public review & comment at:
Texarkana, Texas City Hall
Department Planning & Community Development
220 Texas Boulevard
Texarkana, Texas 75501

during the comment period of November 23 – December 7, 2020 during regular business hours. The Draft Caper was also available on the Texarkana, Texas website (www.ci.texarkana.tx.us) for the duration of the comment period. Public meetings were conducted in accordance with the Texas Open Meetings Law (V.T.C.A. Government Code 551) & in accordance with the Americans with Disabilities Act 42 USC 12101 (1991). The facility is wheelchair accessible & handicap parking is available. Requests for sign interpretive services are available upon request, which must be received at least 48 hours prior to the meeting. Spanish translation was available. Citizen comments are included as an attachment to this document.

No comments were received during the comment period & no comments were made at the Public Hearing December 14th City Council Meeting. Attached are the minutes for that meeting.
CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction’s program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

The most significant changes that have occurred in Texarkana’s program objectives have been the exclusion of Non-CDBG Funded projects & activities from the Five-Year Consolidated Plan & Annual Action Plan. Moving from city led to volunteer-driven neighborhood association clean-up projects staff at the city have been able to forge stronger relationships that will prove invaluable as the City continues to work at transforming Beverly from a Target Area to a desirable neighborhood. The short-term impact of excluding Non-CDBG funds on the CAPER is the creation of perception that the program is not meeting its targets & goals. In the past, the City has included outcomes associated with projects funded with Non-CDBG funding sources like TDHCA to meet Housing goal indicators. For example, the City included four Housing Rehabilitation projects in the Consolidated Plan funded through TDHCA & administered through City staff. Those funds are now not available & the City has been directed to remove those programs from the City’s expected outcomes. However, even though these no longer exist as projects in HUD’s database system (called IDIS – the Integrated Disbursement & Information System) due to the way IDIS archives projects associated with these plans, the expected outcomes still appear in this report. Another important change to the City’s planning is that the City was able to partner with the TxDot to provide needed ADA improvements to sidewalks & curbs for its downtown infrastructure projects, allowing the City to leverage these CDBG dollars.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No
